ALMOND HOUSE®

What is SEO?

Search Engine Optimization

SEO helps your website appear higher on search engines like Google, so more people can find you.

Get Found Grow Faster

1

More Visibility

Helps your website rank higher on Google search results.

Almond house sweets

2

Increased Traffic

Brings more visitors to your website from search engines.

3

Better Customers

Attracts the right audience — people who are actually looking for your products.

4

More Sales

More visibility and visitors lead to higher purchases and business growth.

Visibility → Traffic → Customers

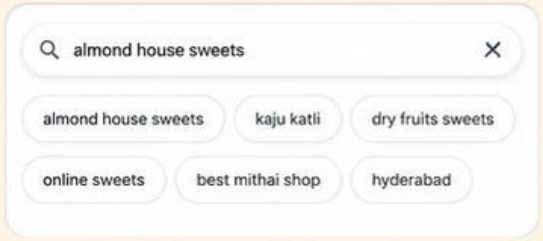

Objectives of the SEO AUDIT

ALMOND HOUSE®

Traditional Taste for Every Occasion

INSERT IMAGE / SCREENSHOT
Keywords

Targeted keywords like "almond house sweets", "kaju katli", "dry fruits sweets" help attract relevant organic traffic.

INSERT IMAGE / SCREENSHOT
On-Page SEO

Optimized product pages with clear titles, meta descriptions and structured content improve on-page SEO.

INSERT IMAGE / SCREENSHOT
Page Speed

Fast loading speed ensures better user experience and higher search rankings.

INSERT IMAGE / SCREENSHOT
Mobile SEO

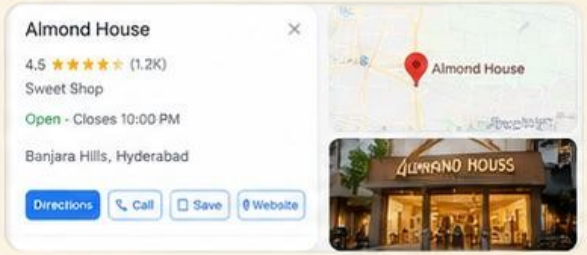

Mobile-friendly design and smooth navigation improve rankings on mobile search.

INSERT IMAGE / SCREENSHOT
Backlinks

Quality backlinks from trusted food, lifestyle and business websites help build authority and improve rankings.

INSERT IMAGE / SCREENSHOT
Local SEO

Google Business Profile, accurate location and reviews help with local search visibility.

INSERT IMAGE / SCREENSHOT
Technical SEO

Proper meta tags, schema markup, HTTPS and clean URLs improve crawlability and indexing.

SEO Recommendations

ALMOND HOUSE®

Keywords
Target relevant local terms

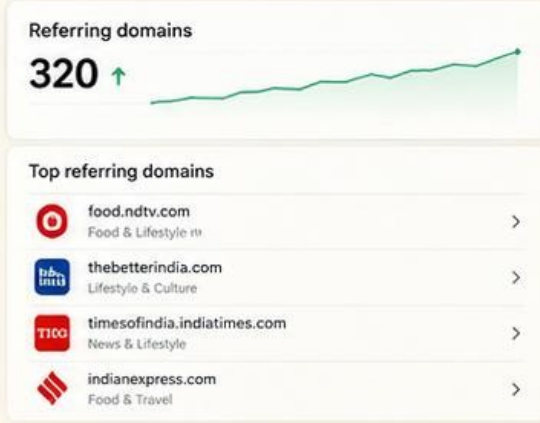

Speed
Optimize images/resources

Mobile
Improve mobile usability

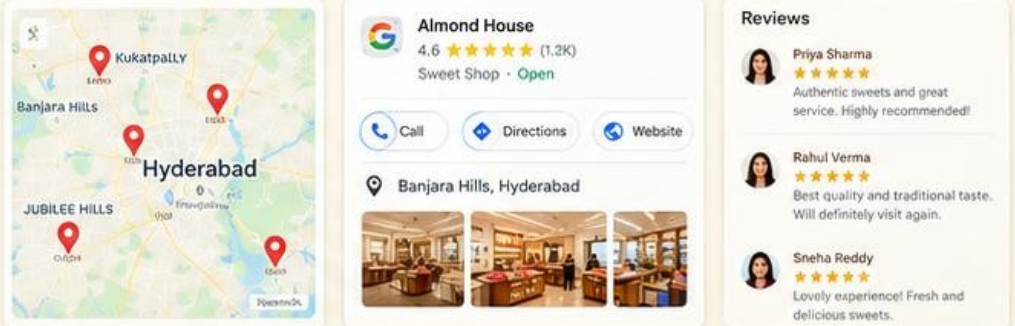

Backlinks
Build relevant quality links

Content
Expand helpful, keyword-focused content

Local SEO
Strengthen location presence

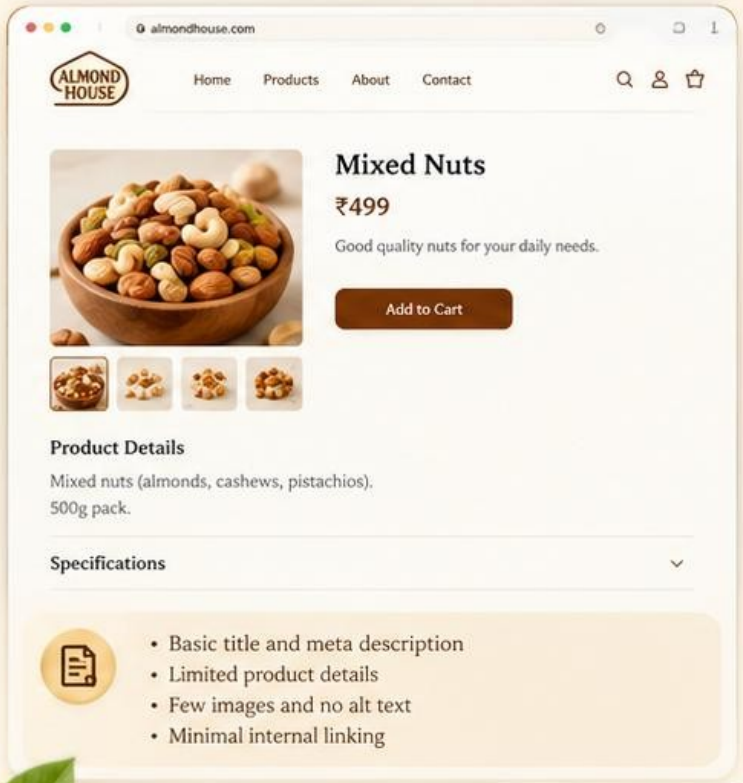

Better Visibility • More Traffic • Stronger Growth

Before vs After – SEO Improvement Plan

ALMOND HOUSE®

Before

Limited content, weaker SEO structure

- Basic title and meta description
- Limited product details
- Few images and no alt text
- Minimal internal linking

SEO Optimization

On-page, technical & content enhancements

Keyword Optimization
Target relevant local & product keywords

Title & Meta Improvement
Compelling titles and meta for better CTR

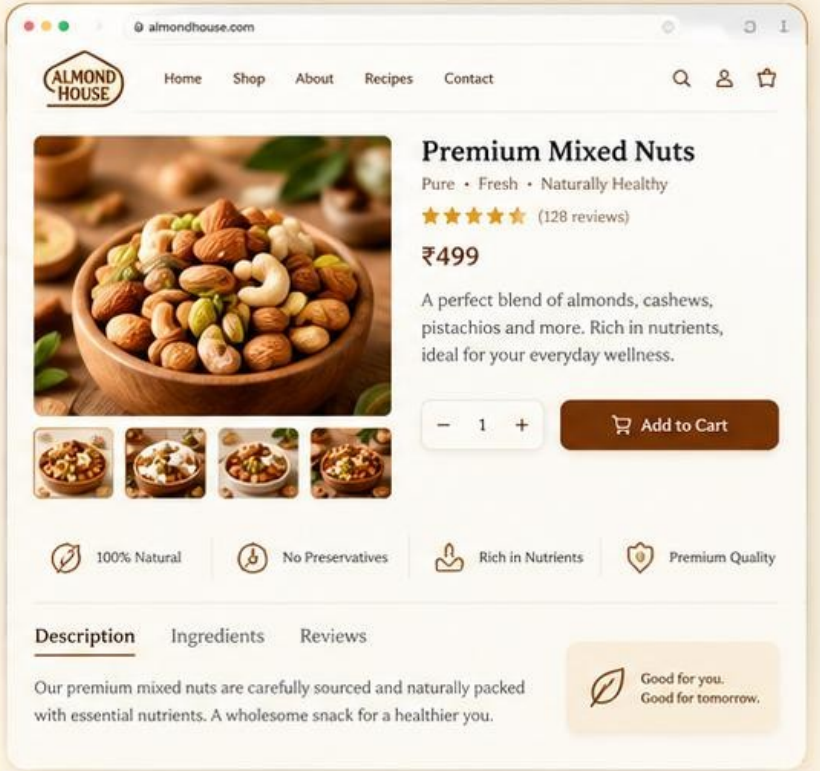

Image Compression
Faster loading with optimized images and alt text

Content & Headings
Clear structure with H1, H2, H3 and richer content

Technical Fixes
Clean URLs, internal linking, mobile readiness

After

Optimized content, better visibility

From audit findings to measurable improvements

ALMOND HOUSE®

FINAL CONCLUSION

Continuous SEO optimization can improve search visibility and connect the brand with more relevant customers.
